EDUCATION

Clarksburg High School

High School Diploma | GPA: 4.0/4.0

Germantown, MD

Jan. 2023 – Jul. 2027

- Relevant Coursework: AP Computer Science A (Java), Data Structures, Algorithms
- Honors Roll recipient; Honor Roll; active member of DECA, MCR-SGA Gender Equity Task Force, and Student Climate Action Council (SCAC)

EXPERIENCE

JoinTheBridge

Head of Technology

Clarksburg, MD

Feb. 2026 – Present

- Architect and maintain the full technical infrastructure for a nonprofit serving educational equity, supporting 500+ users across web platforms built with React and Next.js
- Lead cross-functional engineering decisions to scale digital systems alongside organizational growth, reducing deployment time by implementing CI/CD best practices via GitHub
- Collaborate with nonprofit leadership to translate mission-driven goals into technical roadmaps and actionable sprint deliverables

Meta (Open Source)

Open Source Developer – Buck2 Build System

Remote

Feb. 2026 – Present

- Contributed to Buck2, Meta's large-scale open-source build system used by thousands of engineers, by resolving Issue #870 to improve accessibility of the `buck2 rage` diagnostic command
- Decoupled diagnostic workflows from internal Meta-specific services, enabling seamless functionality in public open-source environments and improving developer experience
- Adhered to rigorous open-source code review standards, security policies, and repository health practices within a high-visibility collaborative engineering lifecycle

Stealth AI Startup

Software Engineering Intern

United States

Jun. 2025 – Present

- Contributed to early-stage AI product development in a fast-paced startup environment, applying full-stack engineering skills to ship production-ready features
- Collaborated with senior engineers on system design, code reviews, and iterative product development under tight delivery timelines

FiveHive

CS Content Developer – AP Computer Science A

San Francisco, CA (Remote)

Aug. 2025 – Feb. 2026

- Developed and curated computer science learning resources for AP Java and AP CSA students on a platform serving thousands of high school learners nationwide
- Translated complex algorithms and OOP concepts into clear, accessible study materials, improving student comprehension and platform engagement
- Applied strong technical communication skills to bridge the gap between rigorous CS theory and effective peer-to-peer instruction

CodeForImpact

Outreach Director & Secretary

United States

Feb. 2025 – March 2026

- Led membership growth and community outreach initiatives for a student organization focused on applying computer science to social impact challenges
- Coordinated event promotion, partner communications, and recruitment campaigns, expanding club visibility and participation
- Maintained organized meeting records and tracked action items as Secretary, enabling effective project execution across leadership teams

PROJECTS

UMD Research: Poker AI & Game Theory <i>Python, Probability, Machine Learning</i>	2025 – 2026
Conducted undergraduate-level CS research in collaboration with William Gararsch at the University of Maryland, applying game theory and probabilistic modeling to poker decision-making	
BRIDGE Nonprofit Platform <i>React, Next.js, Tailwind CSS, Supabase</i>	Feb. 2026 – Present
- Designed and deployed a scalable web platform for a nonprofit serving 500+ students, implementing authentication, dashboards, and content management systems - Optimized database queries and frontend rendering performance, improving page load time and user retention across mobile and desktop clients	
Buck2 Diagnostic Tool Enhancement <i>Open Source, Rust, Developer Tooling</i>	Feb. 2026 – Present
Independently identified and resolved a developer experience issue in Meta’s production-grade build tool, improving diagnostic command usability for the global open-source community	

LEADERSHIP & COMMUNITY

MCR-SGA Gender Equity & Sexual Misconduct Task Force	Clarksburg, MD
<i>Leadership Member</i>	<i>Aug. 2025 – Present</i>
- Lead policy research and outreach planning to advocate for student rights across Montgomery County Public Schools (MCPS), producing actionable recommendations for county leadership - Coordinated prevention campaigns and menstrual equity initiatives, increasing awareness among 2,500+ students at Clarksburg High School	
DECA Inc. Advisory Board	Clarksburg, MD
<i>Advisory Board Member</i>	<i>Jul. 2025 – Present</i>
Provide strategic guidance on chapter initiatives, competitive event preparation, and community partnerships to strengthen business and leadership outcomes at conferences	
Student Climate Action Council (SCAC)	Rockville, MD
<i>Student Ambassador</i>	<i>Sep. 2025 – Present</i>
Represent 2,500 students as a county-wide liaison, mobilizing student-led sustainability efforts and advancing climate policy within MCPS	

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript (ES6+), TypeScript, HTML5, CSS3
Frameworks & Libraries: React.js, Next.js, Tailwind CSS, Node.js, FastAPI
Databases & Cloud: Supabase, PostgreSQL, Firebase, SQL
Developer Tools: Git, GitHub, VS Code, Vercel, CI/CD Pipelines, Linux/Bash
CS Concepts: Data Structures, Algorithms, Object-Oriented Programming (OOP), REST APIs, System Design, Agile/Scrum, Open Source Development
Soft Skills: Cross-functional Collaboration, Technical Communication, Project Management, Policy Research, Community Outreach
Languages: English (Fluent), Hindi (Native), Marathi (Professional), French (Professional), Gujarati (Working)
